

Your Sponsorship = A Hole In One For Kids!

Dear Fellow SLPs,

As you know, Small Steps in Speech has a mission to help children with speech and/or language disorders take the steps needed to be better communicators.

Thanks to the generosity of donors throughout the country and fundraisers such as our Annual Golf Outing and Virtual On Your Marc 5K, more than 1400 children have received a grant for speech therapies from Small Steps in Speech.

We are so happy to have been able to provide one or more of **your** clients a grant to improve their speech.

On April 29, 2023 we will be hosting our Annual Golf Tournament and we hope to raise \$15,000 to help children like your client(s) with their speech needs.

If your or your company would like to be a sponsor of this year's outing, we would love to include your name and logo at our event!
